DESIGNER

Phillip Jividen

Phillip Jividen’s practice is centered on creating timeless objects that feel at once familiar and surprising. Through intuitive forms that strike a delicate balance between functionality and playfulness, his design process becomes an exploration of material, composition, and spatial relationships, resulting in works that convey a profound sense of permanence and presence. Each piece is produced in collaboration with skilled fabricators, allowing for small-batch, limited-edition editions that celebrate craftsmanship and precision. This meticulous approach ensures that every creation retains both individuality and enduring quality, inviting engagement and interaction over time. Phillip’s work has garnered international recognition, appearing in esteemed publications such as Wallpaper, Interior Design Magazine, Monocle, and Sight Unseen. Across all projects, his designs embody a dialogue between utility and poetic form, merging refined aesthetics with material sensibility to create objects that resonate with intimacy, elegance, and lasting appeal.
