DESIGNER

Studio Marine Breynaert

Marine Breynaert is a French designer based in Paris whose practice is centered on collectible lighting and sculptural objects. Since founding her studio in 2010, she has developed a distinctive design language that combines architectural rigor with artistic expression, creating works that explore the interplay of light, geometry, and material through refined, timeless forms. Working closely with French artisans, Breynaert employs noble materials such as brass, bronze, marble, alabaster, and glass to create pieces distinguished by exceptional craftsmanship and quiet elegance. Balancing technical precision with a poetic sensitivity to atmosphere, her collections transform light into a sculptural medium, blurring the boundaries between functional design and contemporary art.
