Atra Design

ATRA is a design and architecture atelier founded by Alexander Díaz Andersson, whose practice spans collectible furniture, interiors, and bespoke architectural commissions. Working across scales, the studio creates immersive environments and sculptural objects that balance Scandinavian restraint with the richness of Mexican craftsmanship. Defined by an exploration of materiality, comfort, and form, ATRA's work is characterized by bold volumes, handcrafted details, and a strong architectural presence. From monumental seating to custom interiors, each project is conceived as part of a broader narrative, blurring the boundaries between function and sculpture while celebrating the dialogue between contemporary design and artisanal tradition.
