Cappelen Dimyr

Cappelen Dimyr is a Scandinavian design studio founded in 2019 by Ellen Dixdotter and Jacob Cappelen Holst. Based between Copenhagen and Stockholm, the studio creates handcrafted rugs, wall hangings, and textile objects that combine a minimalist Scandinavian sensibility with a rich, tactile aesthetic. Their practice is rooted in a commitment to natural materials, timeless design, and conscious production. Working closely with skilled artisans in India, Cappelen Dimyr employs traditional weaving and knotting techniques using undyed wool, hemp, linen, and other natural fibers. Defined by expressive textures, sculptural forms, and an understated palette, their collections explore the relationship between craftsmanship, materiality, and contemporary living, creating textile pieces that bring warmth, character, and longevity to interior spaces.
