Pietro Franceschini

Pietro Franceschini is an Italian architect and designer whose practice spans architecture, interiors, and collectible design. After studying and working across Europe and the United States, he founded PF|Studio in 2020, developing a multidisciplinary approach that combines architectural thinking with sculptural expression. His work is distinguished by a refined balance of proportion, materiality, and craftsmanship, creating pieces that are both timeless and contemporary. Working across furniture, interiors, and functional objects, Franceschini explores the dialogue between form, material, and atmosphere. Through collaborations with skilled artisans, he creates works that blur the boundary between design and sculpture, pairing classical influences with a playful, experimental sensibility that defines his distinctive creative language.
