CTO Lighting

CTO Lighting is a British lighting studio renowned for creating handcrafted fixtures that combine exceptional craftsmanship with a refined contemporary aesthetic. Founded on a deep appreciation for materials and making, the studio develops collections distinguished by their sculptural forms, meticulous detailing, and rich material palette. Working with glass, metal, stone, and leather, CTO Lighting creates pieces that bring warmth, character, and atmosphere to interior spaces. Each design is developed in close collaboration with skilled artisans, reflecting a commitment to quality, material integrity, and timeless design. Balancing technical precision with a strong sense of artistry, CTO Lighting produces fixtures that transcend functionality, transforming light into a medium for creating mood, depth, and visual elegance. Today, the studio’s work is specified internationally across residential, hospitality, and commercial projects, earning recognition for its sophisticated and enduring approach to contemporary lighting design.
