DESIGNER

Borgi Bastormagi

Borgi Bastormagi is the collaborative practice of architects and designers Nada Borgi and Etienne Bastormagi, based in Beirut. Drawing from their backgrounds in architecture and urban planning, the duo creates furniture and objects that translate the rhythms, geometries, and atmospheres of the city into sculptural yet functional forms. Their work explores the relationship between architecture, everyday life, and human interaction, resulting in pieces characterized by clean lines, thoughtful proportions, and a strong sense of place. Through a multidisciplinary approach spanning collectible design, interiors, and public interventions, Borgi Bastormagi creates works that bridge the urban landscape and the domestic environment.
