LEAD TIME	9-10 Weeks

DESIGNER

Atelier Ellery

Atelier Ellery is a collectible design practice founded by Australian designer Kym Ellery, extending her multidisciplinary vision beyond fashion into furniture and object design. Rooted in a longstanding interest in architecture, sculpture, and materiality, the studio develops a series of sculptural pieces that reflect Ellery’s distinctive, avant-garde language.

Each work emerges from a process of exploration, where form, proportion, and craftsmanship are carefully considered. Positioned between art and design, Atelier Ellery creates collectible objects that carry a strong architectural presence while maintaining a refined, timeless sensibility.
