Atelier Andre Ferri

André Ferri is a Brazilian furniture designer based in Belo Horizonte, born in 1990, with a background in Architecture and Urban Planning and a specialization in Furniture Design. After working professionally in architecture until 2015, Ferri shifted his practice to focus exclusively on furniture, developing both independent, original works and collaborative designs with manufacturers. Wood is central to Ferri’s practice, serving as the primary medium through which he explores form, structure, and material dialogue. Working from his atelier in Belo Horizonte, each piece is crafted by hand using traditional joinery techniques, resulting in objects with a distinct sense of presence and individuality. His work reflects a balance between simplicity and solidity, expressing a deep, intuitive relationship with raw materials and drawing strong influence from Brazilian design traditions.
