Oscar Maschera

Founded in 2005 by Oscar Maschera and Claudia Serafini, OSCARMASCHERA is an Italian design studio based in Pesaro, renowned for its refined approach to leather craftsmanship. Rooted in the traditions of the Marche region, the studio explores leather as both a structural and expressive material. Working exclusively with vegetable-tanned Italian leather, OSCARMASCHERA creates a collection of sculptural yet functional objects—from trays and baskets to furniture and lighting—defined by clean lines, subtle detailing, and a distinctive tactile quality. Blending traditional techniques with a contemporary design sensibility, the studio offers timeless pieces that elevate everyday rituals through material integrity and understated elegance.
