DESIGNER

Dan Yeffet

Dan Yeffet is an Israeli-born designer whose work spans furniture, lighting, and objects, distinguished by a refined balance between sculptural expression and functional clarity. After studying industrial design in Jerusalem and later establishing his practice in Europe, Yeffet developed a design language characterized by elegant proportions, fluid forms, and a deep sensitivity to materials. His creations often reveal a quiet sophistication, where simplicity is enriched through meticulous detailing and craftsmanship. Working across materials including wood, stone, glass, and metal, Yeffet creates pieces that combine architectural precision with a strong sense of warmth and tactility. His practice is guided by the pursuit of timeless design, producing objects that feel both contemporary and enduring. Through collaborations with leading international brands as well as independent projects, he has established a distinctive voice within contemporary design, celebrated for its restraint, material richness, and understated elegance.
