DESIGNER

Chaeyoung Lee

Chaeyoung Lee is a South Korean designer whose work bridges furniture, lighting, and objects with a focus on material tactility and organic form. Her designs reveal a fascination with texture and subtle surface interventions, often employing wood, ceramics, and metal in nuanced combinations. Lee's approach blends intuition with functional clarity,

resulting in pieces that are serene and inviting. Through collaborations with skilled artisans, her studio maintains high standards of craftsmanship, translating Korean cultural sensibilities into contemporary design narratives. Lee's work is gaining recognition for its quiet sophistication and sensory depth.
