DESIGNER

Chaeyoung Lee

Chaeyoung Lee is a South Korean designer whose practice spans furniture, lighting, and objects, exploring the relationship between materiality, form, and everyday experience. Through a refined and understated design language, she creates pieces that emphasize tactile qualities, subtle details, and a strong connection to craftsmanship. Working with materials such as wood, ceramic, and metal, Lee develops objects distinguished by their organic forms and quiet elegance. Combining intuitive exploration with functional clarity, her work reflects a sensitivity to texture, proportion, and atmosphere, resulting in contemporary designs that are both visually restrained and deeply engaging.
