Un grand merci à cet homme à part. Il restera dans mon cœur, et dans celui de tout ceux qui ont eu la chance de travailler à ses côtés, bien plus que le grand créateur qu'il a été.

LK Edition

LK Edition is a Paris-based French furniture house distinguished by its commitment to artisanal production and a refined language of understated elegance. Rooted in a dialogue between heritage and contemporaneity, the brand collaborates closely with independent designers, fostering singular creations that balance creative freedom with exceptional technical execution. Drawing inspiration from the clarity of 20th-century modernism and the quiet rigor of contemporary minimalism, LK Edition's collections are defined by thoughtful proportions and timeless forms. Natural materials lie at the heart of the brand's identity: finely selected woods, sculpted stone, and

are brought together with an acute sensitivity to texture and scale. Each piece is produced with an uncompromising attention to detail, celebrating the integrity of materials and the enduring value of craftsmanship. A restrained palette of neutral tones enhances the purity of the silhouettes, allowing structure, surface, and materiality to take precedence. Through this deliberate simplicity, LK Edition creates furniture that transcends trends, offering a calm and enduring presence within both architectural and domestic spaces.
