EDITION	Limited Edition
LEAD TIME	7-8 Weeks
MATERIALS	Metal, Stone, Bronze, Iron

DESIGNER

Alabastro Italiano

Alabastro Italiano is a distinguished Italian design brand founded by brothers Riccardo and Alberto Ongarato in Padua, emerging from their extensive experience within the renowned family business specialized in bespoke lighting and design. The studio is celebrated for its masterful use of Italian alabaster, a rare and precious mineral known for its translucent qualities and soft texture, sourced primarily from quarries in Tuscany—recognized as the finest in Europe. Through collaboration with skilled Italian artisans, Alabastro Italiano transforms this delicate material, alongside brass, leather, and blown glass, into timeless, handcrafted lighting sculptures and objects that blur the boundaries between solid matter and light reflection.
