DESIGNER

Hagit Pincovici

Israeli-born and Milan-based, Hagit Pincovici is a third-generation artisan whose work blends architectural precision with sensuous material palettes. Since founding her atelier in 2014, she has produced collectible furniture and lighting in collaboration with leading galleries, while maintaining a distinct,

personal vocabulary of form. Her designs are defined by graphic clarity—geometric silhouettes softened by luxurious surfaces and unexpected color. Pincovici's work embodies the rare combination of sculptural impact and domestic intimacy.
