A Space

A Space is a contemporary design studio that creates furniture and objects distinguished by geometric simplicity and refined proportions. Known for pursuing a harmonious balance between form and function, the studio often works in noble materials such as hardwood, stone, and metal, placing emphasis on natural finishes and tactile qualities. By producing in limited runs and frequently creating bespoke pieces for specific interiors, A Space ensures that its designs retain an exclusive, handcrafted sensibility. The studios works are visually restrained yet structurally expressive, making them versatile additions to both modernist and classical environments.
