Dovain Studio

Dovain Studio is a Portuguese design studio founded by Sergio Prieto and Tiago De Lima, whose practice spans collectible furniture, lighting, and interiors. Guided by Sergio Prieto’s creative direction, the studio creates expressive pieces that merge sculptural forms with contemporary functionality, drawing inspiration from art, nature, and the dialogue between classical elegance and modern design. Through a distinctive use of colour, material, and proportion, Dovain Studio develops collections that balance emotional expression with refined craftsmanship. Rooted in a commitment to exceptional quality and artisanal production, Dovain Studio collaborates with skilled Portuguese craftsmen to transform local materials into timeless furniture and lighting. Combining artistic vision with meticulous attention to detail, the studio creates enduring works that celebrate craftsmanship, material honesty, and the evolving relationship between art, design, and everyday living.
