DESIGNER

Jude Di Leo

Jude Di Leo is an American designer whose practice spans collectible furniture, lighting, and sculpture, exploring the relationship between material, form, and function. Working primarily with bronze, steel, stone, and other enduring materials, he creates bold, sculptural pieces distinguished by expressive textures, architectural compositions, and a strong sense of permanence. His work balances raw materiality with refined craftsmanship, revealing the inherent beauty and character of each medium. Guided by a sculptural approach and a deep appreciation for the passage of time, Di Leo designs objects that evolve through use, developing rich patinas and tactile surfaces. Produced in limited editions, his work combines contemporary design with artisanal making, resulting in timeless pieces that embody strength, material honesty, and quiet monumentality.
