DESIGNER

Giorgio Bonaguro

Giorgio Bonaguro is an Italian designer whose practice explores the relationship between contemporary design, craftsmanship, and material experimentation. Trained in mechanical engineering before completing a master's degree in design, he creates collectible furniture, lighting, and objects distinguished by refined geometries, balanced proportions, and a sophisticated use of marble, brass, wood, and glass. Working between Europe and Brazil, Bonaguro draws on diverse cultural influences to develop a design language that is both restrained and expressive. Guided by a research-driven approach, Bonaguro collaborates with skilled artisans and manufacturers to explore the technical and aesthetic possibilities of each material. Through meticulous craftsmanship, refined detailing, and timeless forms, his work celebrates material honesty, cultural dialogue, and the enduring relationship between industrial innovation and artisanal tradition.
