Comité de Proyectos

Comité de Proyectos is a multidisciplinary design studio based in Mexico, creating furniture, lighting, and environments that combine cultural storytelling with contemporary aesthetics. The studio explores materiality and texture, frequently integrating wood, metal, and ceramics to evoke local craft traditions in fresh forms.

Their approach balances art and design, producing works that resonate conceptually and physically. Comité de Proyectos contributes to the global reinterpretation of Mexican artisanal heritage, engaging audiences with narratives rooted in place and identity.
