DESIGNER

Jesse Visser

Jesse Visser is a Dutch designer whose practice explores the intersection of sculpture, technology, and contemporary craftsmanship through collectible furniture and lighting. A graduate of the Utrecht School of the Arts, he creates refined pieces distinguished by bold geometries, innovative construction, and a meticulous attention to material and detail. Combining industrial precision with hands-on experimentation, Visser develops a distinctive design language that balances technical innovation with sculptural expression. Guided by a process of continual refinement, his work explores the relationship between object, light, and space. Through collaborations with international brands, galleries, and manufacturers, Visser has established a body of work characterized by refined engineering, tactile materiality, and timeless forms that bring both visual presence and atmospheric quality to contemporary interiors.
