Altin

Altin is a Tunisian brand and design studio where partners Yasmine Sfar and Mehdi blend artisanal heritage with contemporary aesthetics and a strong sense of social and ecological responsibility. Drawing upon Tunisia´s deep traditions in arts and crafts, Alton's first collections such as Orbit. are characterized by a reverence for traditional techniques paired with a drive for innovation. Each piece seeks to unite beauty, functionality, and ethical values, making Altin a beacon for thoughtful, sustainable design in the region and beyond.
