Simone & Marcel

Simone & Marcel is a Spanish design studio dedicated to the creation of handcrafted lighting and home accessories, guided by a philosophy of simplicity, authenticity, and enduring quality. Based in the small town of Consuegra, in the province of Toledo, the studio designs and manufactures all of its pieces locally, maintaining an intimate connection between concept, material, and the maker's hand. The duo's aesthetic is defined by the use of honest, natural materials—ceramic, brass, and wood—shaped through clean, geometric lines. Drawing from rural Spanish craft traditions and distilled through a contemporary minimalist lens, their work achieves a quiet yet

contrasts and carefully considered associations enhance the inherent character of each material, revealing depth beneath an ultra-minimal exterior. Committed to extreme quality and longevity, Simone & Marcel source materials directly to ensure integrity and value. Their designs balance restraint with exception, exploring modular and rhythmic geometries that repeat, layer, and accumulate with precision. Conceived to last for generations, each object contributes to the creation of warm, distinctive living spaces—inviting connection, inspiration, and a sense of home as a place to gather and belong.
