Simone & Marcel

Simone & Marcel is a Spanish design studio creating handcrafted lighting and home accessories guided by simplicity, authenticity, and enduring quality. Based in Consuegra, Toledo, the studio designs and manufactures its pieces locally, maintaining a close connection between concept, material, and craftsmanship. Its aesthetic is rooted in honest materials such as ceramic, brass, and wood, shaped through clean geometric forms and a refined minimalist language. Inspired by rural Spanish craft traditions, Simone & Marcel transforms familiar materials into contemporary objects of quiet sophistication. Subtle contrasts reveal the natural character of each element, while modular and rhythmic geometries create structure and continuity. Committed to quality and longevity, the studio carefully sources its materials and favors thoughtful production over mass manufacture. Designed to endure, each piece brings warmth and individuality to its surroundings, balancing functional clarity with tactile beauty and creating a timeless sense of home.
