DESIGNER

Gabriela Campos

Brazilian designer Gabriela Campos blends regional craft traditions with a contemporary design language in her furniture and objects. Drawing inspiration from natural landscapes and cultural motifs, she works with wood, textiles, and ceramics to create tactile, poetic pieces that celebrate materiality and story. Campos places strong

emphasis on artisanal collaboration and sustainable production methods. Her designs carry a distinctive narrative quality, weaving together heritage and modern form to resonate with a global audience that values authenticity and the richness of Latin American design.
