DESIGNER

InsidherLand

Founded in 2012 by architect Joana Santos Barbosa, InsidherLand transforms natural wonders and personal memories into collectible furniture, lighting, and décor. Portuguese craft traditions—marquetry, metalwork, fine joinery—are the foundation of a design language that pairs luxury with storytelling. Each piece operates as

both a functional object and a fragment of a larger narrative landscape. Whether inspired by a mountain range, a river, or a fleeting encounter, InsidherLand's designs are poetic translations of experience into enduring form.
