Lost Profile Studio

Lost Profile Studio was founded in 2017 by artist, collector, and designer Oliver Wilcox. Since its inception, the studio has become known for its Art Deco and Industrial-inspired lighting, furniture, and hardware, pieces that balance restraint with striking presence. Alongside its own fabrications, Lost Profile Studio curates a distinct selection of furniture, art, objects, and antiques sourced from Australia, the United States, and Europe. Together, these works articulate a singular aesthetic—at once austere, poetic, and uncompromising in character. Based in Coburg North, Melbourne, the studio and showroom open by appointment, offering an intimate space for discovery and dialogue with design collectors and appreciators. Lost Profile Studio acknowledges the Wurundjeri people of the Kulin Nation, the Traditional Custodians of the land on which it operates, and pays respect to Elders past and present.
