### Qvinto Studio

Marta Qvinto is a leading interior design studio specializing in bespoke interiors and custom-made products, where each creation is inspired by the dialogue between art and nature. At the heart of Qvinto's approach is the pursuit of multi-layered, sensorial experiences: through the exploration of materiality, color, and form, the studio curates spaces that harmoniously balance contemporary and classical, graphic and instinctual elements, inviting engagement and reflection. Trained in product, interior, and graphic design, Marta Qvinto leads a multidisciplinary team of designers and architects dedicated to research, experimentation, and meticulous attention to detail.

every element contributes to a cohesive narrative of aesthetic and functional excellence. Manufacturing is based in Milan and Venice, where the studio collaborates with master artisans to ensure the highest quality of materials and fabrication. Through this integration of contemporary design with historical craft traditions, Marta Qvinto creates environments that celebrate both uniqueness and timeless elegance. In an era dominated by industrial uniformity, the studio revives artistry, fantasy, and romance, crafting interiors that embody wellbeing, passion, and the realization of deeply personal, dreamlike visions.
