DESIGNER

Jean-Baptiste Van den Heede

Belgian designer Jean-Baptiste Van den Heede crafts furniture and objects that bridge the gap between traditional artistry and contemporary form. Educated in sculpture and woodworking, he channels a deep respect for natural materials into refined, architectural silhouettes. Working from his studio in Belgium, Van den Heede produces limited and bespoke pieces that often highlight the tactile beauty of wood grain, the cool precision of metal, or the interplay of

light and shadow across textured surfaces. His designs resonate with a modernist purity while retaining a warmth rooted in handcraft, encouraging a profound sensory engagement with the object. Van den Heede's work reflects a belief that furniture should not only inhabit a space, but also tell a quiet, lasting story through proportion and material honesty.
