DESIGNER

Budri

Budri is an Italian Maison of luxury marble and stone design, internationally revered for its masterful inlay work, architectural surfaces, and bespoke furnishings. Founded in the late 1960s in Mirandola, the company has redefined the decorative possibilities of marble, onyx, and

semiprecious stones, working with exceptional precision and artistry. From their in-house workshop, Burris artisans transform stone into intricate mosaics, bold geometric patterns, and sculptural forms that convey both structural solidity and artistic lightness.
