MATERIALS	Metal, Wood, Brass
EDITION	Limited Edition
LEAD TIME	3-4 Weeks
ADDITIONAL INFORMATION	Made to order creations can be done: please contact us for any request.

DESIGNER

Studio Indigene

Studio Indigene is an Indian design brand devoted to the revival and reinterpretation of indigenous crafts through contemporary furniture and homeware. Founded with a commitment to preserving traditional hand-skills—such as carving, weaving, and metal inlay—the studio works in close collaboration with rural artisans across India, sustaining craft knowledge passed down through generations. The brand’s designs are characterized by a thoughtful fusion of heritage and modernity. Traditional motifs and techniques are distilled into clean, minimalist silhouettes, creating a cross-cultural visual language that feels both rooted and contemporary. Each piece

reflects a balance between decorative richness and restrained form, allowing craftsmanship to remain at the forefront. Environmental responsibility is integral to Studio Indigene’s practice. The studio employs responsibly sourced hardwoods, natural finishes, and small-batch production methods to ensure sustainability and material integrity. Through this considered approach, Studio Indigene creates objects that honor cultural legacy while offering versatility and relevance within global design contexts, bridging tradition and contemporary living with clarity and respect.
