MATERIALS	Metal, Bronze
EDITION	One of a Kind
LEAD TIME	7-8 Weeks

DESIGNER

Michel Amar

Michel Amar is a French designer and creative director whose practice, developed over more than three decades, spans luxury residences, restaurants, executive offices, yachts, and collectible design. Approaching each project as a complete narrative, Amar unites architecture, interiors, and bespoke furniture in a seamless creative vision, guided by harmony, proportion, and a deep understanding of his clients' lifestyles. His Mediterranean heritage informs a refined language that combines French elegance with diverse cultural influences. Positioned between art and collectible design, Amar's work explores the dialogue between poetry and function. His close collaborations with master artisans have cultivated an intimate knowledge of materials and traditional savoir-faire, allowing him to shape each piece with a sculptural sensitivity. Bespoke elements, rich textures, and carefully considered forms define a practice rooted in craftsmanship and individuality. Today, Amar's evolving collections are represented by renowned galleries internationally, establishing a distinctive presence within the contemporary design landscape.
