Morghen Studio

MORGHEN is a Milan-based design practice founded by Roberto Tarter and Rodolfo Viola. Working across collectible design, furniture, lighting, and sculptural objects, the studio develops a multidisciplinary practice rooted in the dialogue between art, architecture, and craftsmanship. Guided by a research-driven approach, MORGHEN explores the expressive potential of materials through a refined balance of form, light, texture, and proportion, creating works that transcend conventional typologies. Every piece is meticulously handcrafted in the studio's workshop in Milan, where traditional techniques are combined with contemporary processes and continuous material experimentation. Produced primarily as unique commissions or limited editions, MORGHEN's creations embody a timeless sculptural presence while remaining deeply connected to function and material integrity. Defined by precision, restraint, and an architectural sensibility, the studio's work reflects a commitment to creating enduring objects that engage both space and the senses.
