DESIGNER

AOAO

Studio AOOO, based in Amsterdam and founded by Alicja Strzyaska and Onur Iseri in 2020, is an interdisciplinary practice merging art and design. Specializing in sculptural objects that experiment with the boundary between sculpture and furniture, AOOO's work focuses on intimacy,

emotional resonance, and the metaphysical relationships between people and objects. Their reflective, enduring pieces, often influenced by lived neurodivergent experience, are represented by galleries worldwide and prioritize sensory clarity and environmental sustainability.
