DIMENSIONS (INCHES)	29.9 x 106.3 x 39.4 in
MATERIALS	Glass, Stainless Steel
LEAD TIME	7-8 Weeks

DESIGNER

Barberini & Gunnell

Barberini & Gunnell is an Italian multidisciplinary studio founded in 2009 by architects Francesco Barberini and Nina A. Gunnell. Working across architecture, interiors, collectible design, and art, the duo creates projects distinguished by a timeless aesthetic, sculptural forms, and a strong attention to materiality. Their practice ranges from bespoke interiors and luxury hospitality projects to one-of-a-kind and limited-edition collectible works. Guided by a commitment to craftsmanship and innovation, Barberini & Gunnell collaborate with master artisans to produce pieces in rare and refined materials, including stainless steel, crystal glass, and semi-precious stones. Through a dialogue between contemporary design and traditional techniques, their work explores the intersection of functionality, artistry, and enduring elegance.
