ADDITIONAL INFORMATION	Made to order creations can be done: please contact us for any request.

DESIGNER

Guillaume Chevalier

Guillaume Chevalier is a French designer known for minimalist, poetic furniture that blends warm materials with clean architectural lines. His use of wood and metal emphasizes fine joinery and balanced proportions, creating elegant, functional objects. Chevalier's work

carries a subtle tension between austerity and tactility. Working from Paris, he produces bespoke and limited-edition pieces that contribute to the modern French design discourse on craftsmanship and form.
