DESIGNER

Tor Rothschild

Tor Neria Rothschild explores the relationship between nature and time through material and form. His practice reflects on transformation and resilience, translating natural processes into sculptural works that move fluidly between art and design. His current collection, Ora—Latin for “coast” and “prayer”—draws inspiration from fragile coastlines shaped by elemental forces. Working across furniture, lighting, and sculpture, Rothschild employs responsibly sourced materials and develops bespoke techniques for each piece, resulting in works defined by refined textures, precise craftsmanship, and a quiet, atmospheric presence.
