DESIGNER

Marie Jeunet

Marie Jeunet is a Paris-based artist and designer whose work explores the poetic potential of light through sculptural objects and luminous installations. Drawing on a background in creative direction for luxury houses and a deep interest in decorative arts, jewelry, and craftsmanship, she creates works that reveal the unique character of materials through reflection, transparency, and illumination. Working with glass, brass, stone, and other precious materials, Jeunet approaches each piece as an interior jewel, balancing minimalist forms with a strong emotional and narrative dimension. Situated between art and design, her sculptures transform light into a medium of expression, inviting contemplation and offering a refined dialogue between materiality, illusion, and perception.
