Galerie Philia: First TimesWHEN **ADD TO CALENDAR**

October 1, 2021 - December 3, 2021

📍 Galerie Philia: 39 Lispenard St, New York, NY 10013<https://www.galerie-philia.com>

In the spirit of post-pandemic unity, Galerie Philia's latest exhibition transcends formal, stylistic, national, and historical barriers by presenting disparate works by global product designers, from gallery veterans and newcomers alike. They range from Lebanese designer Richard Yasmine's Postmodern *After Ago* collection and Jason Mizrahi's fluid seats in aerospace-grade composite materials to biomorphic sandstone tables and lamps by Hermine Bourdin. The show also kicks off Philia Interiors, the gallery's new staging venture that brings its curatorial eye to staging luxury real estate listings in the U.S., Latin America, and Europe.
