DESIGN BRUT

Philia & Kids

Children between the ages of 6 and 7 from France's Breil-sur-Roya primary school dove into the practice of sculptural design over a course of five months, a seminar held by Galerie Philia with teacher Virgile Ganne and Studio BehaghelFoiny. The kids were prompted to invent shapes and forms on paper, designs that then became olive-wood sculptures thanks to Studio BehaghelFoiny and a local cabinetmaker. These whimsical pieces from the inaugural Design Brut project are now on show in Paris at 4 Rue Malher, until 8 December.
